

Diary of Miss Koch

14th of August

It's approximately 9pm

Darren, my friend,

As I told you, I am working on a big project for my highschool. I'm a volunteer.
The head of the school asked me to do some research about Notre Dame de la Paix.
The origin of the school, which goes back a long a time ago.
A have been working a lot during the holidays.
I got the permission to go to the archives room and got a lot of documents. A lot !
And, after weeks, I discovered something really weird.
I'm pretty sure that (Noise ?)
I'm pretty sure that I discovered the identity of Jack the Ripper.
I know it may sound crazy but I think I know.
I first had a lot of leads.
Then finally it became clear. It was obvious !
Everything is here, in my red folder.
I'm gonna come to London to show it to you.
I'll call you back tomorrow.
